Great Flower Book By Maui Review Well, I must confess that I am the floral watercolor illustrator of this book but, I must say that I am very proud of this artwork 20 plus years later. It is a great reference book and very well written. This book set me on my way to being an independent artist and I will be forever grateful for that opportunity. It has been very successful and gone into multiple printings. Floral enthusiasts will love this book! 0 of 1 people found the following review helpful. Five Stars By Donna J. Love it!
