This far exceeded my expectations in terms of number and variety of ponchos.0 of 0 people found the following review helpful. this is a wonderful book full of so many varied ponchosBy Customerthis is a wonderful book full of so many varied ponchos. if you enjoy crocheting and love the look of ponchos then you will enjoy this book.

Two hot trends combine in one classic collection: the popular poncho and the hip craft of crochet. And these 33 designs take the versatile wardrobe staple to new heights of sophistication: they feature a range of neckline and hem variations, and come in a variety of yarns, including novelty types like ribbon, faux suede, and fur. Some are long, others short; some are dressy, others just made for a fancy night on the town. And the majority are one size fits all.

With the help of a well-illustrated basics section, brand-new or out-of-practice crocheters can confidently pick up their needles and create an open-weave poncho with sleeves and cuffs, a wrap-up for winter, a shimmering gold lacy poncho, and other showstoppers.
