Anna Zilboorg : Fancy Feet: Traditional Knitting Patterns of Turkey before purchasing it in order to gage whether or not it would be worth my time, and all praised Fancy Feet: Traditional Knitting Patterns of Turkey:

0 of 0 people found the following review helpful. Lovely, but patterns aren't very accessibleBy BergAnna Zilboorg's designs are gorgeous and lovely to look at. If you enjoy having knitting books just to admire them, you will love this. However, the patterns are confusing and seem lacking in detail. I probably won't ever try to make any of the socks in this book. I'm glad I have it for the beautiful photographs.0 of 0 people found the following review helpful. As others have mentioned the instructions on knitting the socks ...By Carolyn JonesAs others have mentioned the instructions on knitting the socks in this book are challenging, but I ordered it more for the patterns than anything else. I hopeful I'll be

able to get instructions from another sock book for making these.0 of 0 people found the following review helpful. Fall in Love with Turkish DesignsBy CLLLove this book the emphasis is on the designs so perhaps not the best for a beginner. However, I'm almost a beginner and I love it.

"Nowhere else will you see this many Turkish socks in their great mad colors. The combination of clear geometric patterns with riotous color choices is wonderful....The color pictures are great...the charts are big, clear, and good."-- "Knitter's Magazine. ."..full of gorgeous color photos....The pages of history and cultural influence are the most intriguing part of the book....The patterns are a challenge--distinctive, and utterly beautiful."-- "Small Press. 128 pages (all in color), 7 x 10.

.com Anna Zilboorg is the mystic grand dame of color knitting in America. Here she presents the vivid sock designs of rural Turkey in a collection that honors the Turkish tradition and adapts it to a Western knitting style. Zilboorg's research into the history of Turkish knitting and her explanation of Turkish design principles are an excellent complement to the fascinating patterns. The knitting instructions are rather spare, but the basic sock shape is quite simple, making this a perfect book for intermediate and more advanced knitters who enjoy somewhat unusual projects.
