4 of 4 people found the following review helpful. flowercrafts practical inspirations for natural giftsBy A CustomerIf you are looking for ways to bring the beauty of nature indoors, then this book is a good place to start. My favorite projects are the trapped flower stationery and the flower-scented ink. A nice idea book, with beautiful pictures and clear instructions.

Celebrating the glories of flowers in the home, this book moves beyond flower arranging to present gloriously original suggestions for fabulous flower effects and floral objects.
