I love art made from books (duh--check out my "handle"! ) and this book has such a variety of art made from individual pages (the feathers! oh, the feathers!!) and entire books (honeycomb!). It's wonderful to leaf through and dream about what to attempt next. 1 of 1 people found the following review helpful. Five Stars By Customer Great ideas, instructions are clear and have a lot of photographs to go with them. 0 of 0 people found the following review helpful. Five Stars By SUSAN E ANDRESS Great book

Create a fantastic world of delight with these 35 inspiring projects all made from old books! Follow Clare Youngs' simple step-by-step projects to make a huge variety of creative book art projects. In the first chapter, *Folding Books*, get folding and make a beautiful bird, a sailor's knot, and a shining star, they look impressive but are deceptively simple to make. In Chapter 2, *Making Scenes*, you will learn how to cut and glue splendid scenes such as tiny paper mushrooms and ferns under a glass bell jar, a fairytale castle, and a tiger in the jungle, all of which would make great gifts, or just keep and display them all yourself! Chapter 3, *Refashioned Pages*, has ideas for transforming the pages cut from books into greeting cards, a botanical print lampshade, and hanging birds. All the projects have helpful step-by-step instructions and illustrations so all you need are a few old books and you are ready to start!
