**Valerie Roth Roubos : Four Miniature Suites (Composers in Focus, Elementary/Late Elementary)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Four Miniature Suites (Composers in Focus, Elementary/Late Elementary):

Take an imaginary trip to faraway lands! This set of four suites for elementary/late elementary students is fun to play and reflects the inherent flavor of each land you visit. Troika was inspired by Russian fairy tales; pentatonic melodies and open harmonies take you on A Trip to China; African Adventure leads you on a safari through the African plains; and Cat Tales shows you just what life is like in the land that is ruled by everyday cats.
