**Ann Lovejoy : Fragrance in Bloom: The Scented Garden Throughout the Year** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fragrance in Bloom: The Scented Garden Throughout the Year:

2 of 2 people found the following review helpful. Best book on fragrance out thereBy Jeani RectorFragrance in Bloom by Ann Lovejoy is amazing. A square book at only about 9" x 9", it is packed with beautiful photos and amazing information. Best of all, it is a joy to read, the prose being almost like poetry. Some garden books are dry, but this one warms the soul. Highly recommended.4 of 4 people found the following review helpful. Well-written and Beautiful PhotosBy J. BurnetteI've really enjoyed this book and refer to it with each season. The photos are stunning, and the author includes tons of ideas as far as layout and plant selection.I plan on using this book for years to come.0 of 1 people found the following review helpful. Five StarsBy Shelley McDanielJust the resource I was looking for.

Color, leaf, and texture tend to dominate gardeners criteria when it comes to plant selection. But in the garden, floral scent is often the most powerfully sensual experience. In this book, expert gardener Ann Lovejoy recommends and

describes over 300 scented flowers that will provide fragrant beauty throughout the year. And because night-bloomers have some of the most aromatic scents, they get a chapter of their own. Here are profiles of longtime garden favorites such as roses and magnolia, as well as forgotten charmers like night phlox and the intoxicating datura. The descriptions include expert cultivation tips to attain the best results.

"Passionate in her approach, yet grounded in common sense and sound practices." --Booklist (for ALs Organic Garden) "Lovejoys pulsating prose jibes nicely with Allan Mandells lushly evocative photographs. I found much inspiration in these pageAbout the AuthorAnn Lovejoy has written more than 18 books. A garden writer for 15 years and the author of a weekly column in the Seattle Post-Intelligencer, she lives on Bainbridge Island, WA. Photographer Lynne Harrison lives on Mercer Island, WA.
