Marty Noble : Fun with Bugs Stencils (Dover Stencils) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fun with Bugs Stencils (Dover Stencils):

Easy-to-trace images of a wasp, winged ant, Hercules beetle, moth, weevil, and grasshopper have been careful rendered and cut to display their distinguishing characteristics. Fun for children of all ages, these realistic designs can also be used by craftworkers to add eye-catching accents to fabrics, walls, posters, and almost any flat surface.
