Paul E. Kennedy : Fun with Cars and Trucks Stencils (Dover Stencils) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fun with Cars and Trucks Stencils (Dover Stencils):

2 of 2 people found the following review helpful. loved them. They are at the age where they ...By Charles D. Pettibone My triplet grandsons age 5, loved them. They are at the age where they are starting to define their fine motor skills and enjoy tracing and stencils. Excellent skill builder. 1 of 1 people found the following review helpful. Little small By Jennifer Fugett These were not exactly what needed. They are not that thick and for children they won't last too long. The pictures are good and are good for single use. 0 of 0 people found the following review helpful. Very Nice By Kindle Customer I bought about 10 books like this including alphabet, mazes, numbers, stencils etc. for my 4 year old granddaughter. She loves things like this and when I talked to her after Christmas she said she loved them all.

I would recommend all of the workbooks I bought her.

Here are six child-size stencils of subjects children love: a sedan, a delivery truck, a fire engine, a big rig, a Volkswagen "bug," and a motor scooter. With these six full-page, pre-cut stencils, youngsters can create artworks to paint or color, illustrate a story or message, decorate toys and stationery, and much, much more. And they can use these stencils with automotive themes over and over again. So much fun for such a small price!
