Very Cute, but Best to Order Separately! By witchepoo These six cardboard stencils will work well for my purpose, but beware if ordering with other products as 's packaging allows these small stencil books to be damaged.

Dragons those splendid beasts of myth and folklore work their special magic in this mini-collection of easy-to-use stencils. Six different images of the legendary creatures, adapted from traditional Italian, French, Chinese, Swiss, and Bhutanese designs, can be used repeatedly for hours of coloring fun, to enhance walls and furniture with unusual decorative accents, and for countless other creative activities.
