**Ellen Harper : Fun with Egyptian Symbols Stencils (Dover Stencils)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fun with Egyptian Symbols Stencils (Dover Stencils):

16 of 16 people found the following review helpful. Decent Stencils By Katherine B. Lightweight stencils, made from a laminated cardstock. A nice variety of designs to choose from. Will stand up to tracing with pen/pencil/marker for a long time, will stand up to wet media/painting many times with careful handling. Not detailed, allowing you to easily stencil the shape - then add your own details. Works well for fabric painting, which is why I bought several of these little stencil books. (Native American Masks, Southwest Indian, Egyptian Symbols, African Design.) Good to use with kids - the lack of fine details keeps younger kids from getting frustrated. Will last much longer if kept dry - but you can definitely get multiple uses with paint, etc. (By multiple, depending on how wet you get the stencils, I would guess at least 20 uses.) A good buy - but don't expect the "normal" plastic stencils, realize these are laminated cardstock.

Knowing that should relieve any disappointment. :)1 of 1 people found the following review helpful. possibly received a used bookBy A. ScharI was very disappointed to receive what was supposed to be a new book and see that the stencils were all punched out. Clearly they were not supposed to be as there were some that were and some that were not. Or I guess, conversely they all should have been punched out? The cover corner looks a bit ragged as well.This was cheap. The stencils can still be used. So, I guess OK. I am not certain I would purchase a similar item again.0 of 0 people found the following review helpful. Cute but tiny book!By Trisha C.I may have missed the size of the book in details, but its a great find for my Egypt study.

This collection of open stencils introduces youngsters to six symbols with an ancient past. Included are Egyptian emblems for the scarab beetle; cobra goddess Renenutet; Horus, the falcon god; the vulture goddess Nekhbet; the Eye of Horus; and a ram with curved horns one of the many forms of Amun, "the king of gods."Ideal for use in school assignments and decoration, these unusual figures will create instant interest on a variety of flat surfaces.
