Hayward Cirker : Fun with Hebrew Alphabet Stencils (Dover Little Activity Books) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fun with Hebrew Alphabet Stencils (Dover Little Activity Books):

There are some inconsistencies in size, for example, tav is considerably taller than shin. Most letters are between 1 and 2 inches tall and 1.5 and 2 inches wide. Five letters are missing, but you may not need the final forms of haf, mem, nun, fay, or tzadee. It would have been nice if a couple of vowels had been included, say a segol and a qamatz; you could create the other vowels using those two. The letters come 3 or 4 to a page in a 4"x6" booklet. The pages are made of sturdy paper, but if children will be using them, the stencils will

probably only survive two or three uses. This stencil set doesn't suit my needs and I will return it, but frankly, it's not a bad product. 2 of 2 people found the following review helpful. Fun with Hebrew Alphabet Stencils (Dover Little Activity Books) By Simchat I love this. It was a great help in decorating a child's room.
