Marty Noble : Fun with Rain Forest Animals Stencils (Dover Stencils) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fun with Rain Forest Animals Stencils (Dover Stencils):

2 of 2 people found the following review helpful. Stencil book By Customer Bought every one of these little books that were available. They are small, about 1/4 the size of a standard sheet of paper. The inside is medium weight card stock and each page has one stencil. There are maybe 8 to 10 pages of stencils based on the book's theme in each book. Wouldn't use for a painting project, but I'm planning to turn them into fabric applique designs, and they will be perfect for that use. 0 of 0 people found the following review helpful. I LOVE all of these little template booklets By Kate I LOVE all of these little template booklets. I use them for applique, stenciling, and painting. I check for new ones ALL the time and grab them up when I see them. 1 of 1 people found the following review helpful. Small but useful and

funBy ChelanllamaThese stencils are in a small booklet, but my grandchildren loved them. I taught them out to join the separated pieces of the animals together to form a whole. They liked all the animals.

Six pre-cut stencils let you create lifelike portraits of six amazing creatures that make their home in the tropical rain forest: tree frog, toucan, gorilla, howler monkey, an armadillo, and caiman a Latin American crocodile. They're great for classroom assignments, posters, and a variety of craft projects.
