Paul E. Kennedy : Fun with Sea Life Stencils (Dover Stencils) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fun with Sea Life Stencils (Dover Stencils):

3 of 3 people found the following review helpful. Sturdy little book (approx. 4"x6") six stencils each approx. 3-4" square: turtle, seahorse, starfish, lobster, crab and conch shell. Stencils are die cut from coated cardstock pages which can easily be separated by removing two staples. I gave it 3 stars because no size was stated which led me to expect larger pages based on average book size. 3 of 3 people found the following review helpful. These stencil books are probably hands down THE best bargain on By Lorilou These stencil books are probably hands down THE best bargain on . I bought 9 of them for painting onesies at a baby shower. So much more cost effective than other stencils I considered. Stencils are done on thick stock paper and there wasn't one design that

was at all disappointing. Would buy time and time again.1 of 1 people found the following review helpful. Great for beginning artistsBy KatyGreat for beginning artists! Make sure to use the glossy sides up so they can be wiped down and used again.
