Ellen Dugan : Garden Witchery: Magick from the Ground Up before purchasing it in order to gage whether or not it would be worth my time, and all praised Garden Witchery: Magick from the Ground Up:

5 of 5 people found the following review helpful. Worth every cent.By XadierI spent a lot of time carefully picking my selection of books and glad this is one of them. This is a great introduction book for those looking to expand their knowledge on magical plants and herbs. Along with a lot of starter information on planting with the moon cycles and the properties of each plant.Dugan also gives a lot of information to help the reader find where to expand upon the knowledge gained from this book which I thought was a terrific help. The writing style is friendly and easy to follow, I read this book in a day as I could not put it down.I love that she injects a lot of her own personal experiences and personality into her writing rather than feeling as though you're reading a textbook. I feel her personal experiences really helped put things into perspective beyond belief and taught me a lot.Each section of course is a little limited, but she is trying to put a very large amount of information into the book for a vast area of subjects so only being able to put what she can makes sense. But I feel it is great for those who are new and a good read for the more experienced. Dugan always supplies a lot of crafty ideas on things to make also.All-in-all I would suggest this book, even if you know everything in it it is great to just hear some of her stories and wisdom.0 of 0 people found the following review helpful. Two StarsBy myriam azgourPrint is way too small. Book isn't what I expected. Thought there was going to have some herb recipes.0 of 0 people found the following review helpful. Five StarsBy Peggy Jonesthanks

How does your magickal garden grow?... With violets, rosemary, and yarrow to attract faeries; an apple tree for love and health; and a circle of stones in some tucked-away corner? Whether you live in a cottage in the woods, a home in the suburbs, or a city apartment with a small balcony, a powerful and enchanted realm awaits you. Discover the secret language and magickal properties of the trees and flowers, herbs and plants found growing around you, and learn how to create your own witch's garden. Written with down-to-earth humor by a master gardener who is also a practicing witch, this creative and encouraging guide will inspire gardeners of all ages and experience levels. It includes a journal section that makes it easy to keep track of your progress, practical gardening advice, personal stories, and garden witchery lore and magick. Inside, you'll get the dirt on: Flower folklore Moon gardening and astrological timing Faerie magick Beginning to advanced witchcraft Floral and herbal spells Sabbat celebrations Witch crafts (sachets, wreaths, charm bags) Creating sacred space Shade, moonlight, and sun gardens Enchanted houseplant and container gardens Magickal herbal correspondences Garden blessings 2004 COVR AWARD WINNER

From School Library Journal Adult/High School-With good-humored flair, Dugan offers a practical introduction to gardening that incorporates an eclectic blend of Wiccan and magical traditions. The author encourages readers to work hard to make the garden "a place where both our metaphysical and ordinary lives begin to thrive together." Outlining basic principles such as working with the directions and the elements, moon phases, and color, the author shows how this lore, rooted in a respect for nature, also forms the basis of good gardening practice. She offers succinct and useful information on a great variety of topics such as astrology, fairies, herbal spells and charms, crafts, and journaling, and on dealing with an equal variety of garden situations and types. Throughout, she suggests excellent sources for further information, including the Extension Service, the Poison Control Center, and the public library, and she offers an extensive bibliography (mostly of magic literature). The good advice and sound horticultural practice found here can help novices and/or budding garden witches to discover their own style and get off to a solid start, and can also enrich the experience of those who are already knowledgeable. Christine C. Menefee, Fairfax County Public Library, VA Copyright 2003 Reed Business Information, Inc. About the Author Ellen Dugan, the "Garden Witch," is an award-winning author, a psychic-clairvoyant and a regular contributor to Llewellyn's almanacs, datebooks, and calendars. A practicing Witch for over twenty-nine years, she is also a certified Master Gardener. Ellen has written several books, including Garden Witchery, Elements of Witchcraft: Natural Magick for Teens, 7 Days of Magic, Cottage Witchery, Autumn Equinox, The Enchanted Cat, Herb Magic for Beginners, Natural Witchery, and How to Enchant a Man, Garden Witch's Herbal, Book of Witchery, Practical Protection Magick, Seasons of Witchery Witches Tarot. When not keeping up with her family, Ellen unwinds by working in her perennial gardens at home with her husband. She wholeheartedly encourages everyone to personalize their green spellcraft by getting their hands dirty, discovering the wonder and magic of the natural world, and connecting with the spiritual side of nature.
