**From Quarry : Playing with Books: Upcycling, Deconstructing and Reimagining the Book by Thompson, Jason (2010) Paperback** before purchasing it in order to gage whether or not it would be worth my time, and all praised Playing with Books: Upcycling, Deconstructing and Reimagining the Book by Thompson, Jason (2010) Paperback:

0 of 0 people found the following review helpful. Five StarsBy Sally A. FeeserGreat ideas for projects with used books.6 of 6 people found the following review helpful. LOVE ITBy RabbitRunThis book is one of 4 that I found in a local bookstore that I adored but refused to spend so much money. When it arrived in my mail box I found it to be well worth the full price and rockin' at the discount.Wonderful ideas, promotion of recycling, beautiful images, simply explained instructions, lovely creations that won't take an eternity. I adore this book. Due to budget costs and the rising costs of books, I've only bought 5 books in the last two years and this is one of them. LOVE IT!0 of 0 people found the following review helpful. It show some great ideas for upcycling discardedBy Laura B.I can't wait to try some of these Ideas, especially the book cover pocket book. It show some great ideas for upcycling discarded, old books. I use books that have been withdrawn from library collections for various reasons, Some of the projects seem a bit

complicated, but the instructions are well written,
