10 of 10 people found the following review helpful. Dumb, dumb, dumb!By Kindle CustomerI'm not sure how anyone could give this anything other than a one star rating. There are no pictures, only instructions. There are only instructions for five or six animals. The pictures on the cover of the book are of totally different animals than the ones that the instructions are for. You can't have an effective craft book without pictures. It just doesn't work. I think this "author" is just trying to make a quick buck. There's no way the four and five star reviews are legitimate. Don't bother!
4 of 4 people found the following review helpful. Worthless, tiny, no pictures, cover misleadingBy kiwidesign78I can't understand why anyone would leave anything but a 1-star review for this book. Unfortunately, I paid full price (purchased too quickly without doing my research) and boy do I regret it! DON'T MAKE THE SAME MISTAKE I DID!First, don't plan on making any of the animals on the cover, because none of them are in the book.Second, there are no step-by-step pictures. What kind of crafting book wizardry is this?Third, there are "links" that are just sentences in bold and underline, but without an actual address listed, rendering them useless for a printed book. Hello?Fourth, it's tiny. One could print this on 9 sheets of paper and then fold them in half and there would be the entire book.
1 of 1 people found the following review helpful. DON'T WASTE YOU'RE MONEY!!!!!!!!!!!!!!By Sarah SI gave this book one star because 0 stars was not an option. This book is not worth \$4.99 much less \$49.00. It's tiny, there are no color photos and what few photos there are can barely be made out. I bought this for my 12 year old granddaughter who just started working with clay. I will not be helpful in the least! I might as well have tossed \$50.00 out a car window! I am so mad right now I could bite through a nail! Don't waste your money on this publication.
