**From Hearst : Popular Mechanics Shed Nation: Design, Build Customize the Perfect Shed for Your Yard by Dan Eckstein (May 6 2010)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Popular Mechanics Shed Nation: Design, Build Customize the Perfect Shed for Your Yard by Dan Eckstein (May 6 2010):

8 of 9 people found the following review helpful. A Big DisapointmentBy DWHThe book consisted of 147 pages of various construction technics and interior ideas which anyone with a little diy knowledge would know. When you finally get to shed plans (only 4 types) the plans are small, hard to read and worst of all no material lists.Very disappointing for a Popular Mechanics publication.0 of 0 people found the following review helpful. Good book and informative.By BajaGood book and informative. Seems well written and put together. Thanks for the starter projects that are included0 of 0 people found the following review helpful. Four StarsBy Nancy CThis book has some good information about building codes along with steps to constructing a shed.
