**Jack Neith : Power Rooms: Executive Offices, Corporate Lobbies, and Conference Rooms** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Power Rooms: Executive Offices, Corporate Lobbies, and Conference Rooms:

0 of 0 people found the following review helpful. Great book for Executive Conference Table Ideas By Engineer/ Martial Artist We were building some new offices and this book gave us many ideas to consider for our executive conference table. Most books or catalogs show only what is available for purchase, but this took it much further. It helped to prevent us from learning the hard way. Thanks for sharing. 0 of 0 people found the following review helpful. Power Rooms By Jenny H This is a collection of the ugliest, old fashioned meeting rooms and offices I've ever seen. Truly disappointing, only for pure traditionalists.

Look into America's most notable corporate atriums, boardrooms, lobbies, seating areas, and executive offices and experience their powerful interior designs. Actual installations by professional architects and designers, these spaces reflect the powerful atmosphere in which corporate decisions are made daily. Over 235 color photographs present a cross-section of corporate designs and contemporary rooms that are on the cutting edge. The rooms use various materials, colors, light, and structural containment to provide ambiance. Some are simple designs utilizing creativity and function as their inspiration, while others use bolder elements to create memorable designs. From wood to polished marble and accent lighting, the elements add drama to the space. This book will provide awe and inspiration to executives, architects, interior designers, and committee members looking for powerful ideas.

About the Author Jack Neith has been photographing architecture and interiors for major publications for 25 years. His

work can be found on covers and in annual reports, product brochures, and advertisements internationally. He lives near Philadelphia, in Shamong, New Jersey.
