Gardening on the prairies can be frustrating. On the one hand, the soil is rich and the space is ample. On the other hand, the summers are dry and hot while the winters are long and bitterly cold. The Prairie Garden Planner can help. Packed with advice on garden design, planning and maintenance as well as ordering and planting seeds throughout the seasons, it features a week-by-week planner and timesaving tips. This is the only guide a prairie gardener will need to

get organized. An authoritative, easy-to-use guide to creating and maintaining beautiful gardens, with ample space to record three years of garden results, side by side for easy reference.

About the Author Jan Mather is a professional garden designer and consultant whose work graces many gardens across Alberta. She is a graduate of the Horticultural Program at Olds College, a frequent contributor to newspapers and magazines, and a popular horticultural workshop leader.
