owner, designer , home oriented , need space , need control of your domestics enviroments , it could be "the book"practical and easy , make your small reference library and keep it near you.1 of 1 people found the following review helpful. Household repair booksBy JanaMy husband is spanish and I have this book in English so between us, with his new book in spanish, we can conquer anything around the house. He reads english, but some things are lost in translation, so he's more comfortable in his native language and these books are great for the DIY'r like him!!!!0 of 0 people found the following review helpful. Five StarsBy KarenExcellent

Same information and projects as English edition.Translation reviewed by language experts, Spanish-speaking Home Depot employees.

From Library JournalWhether geared specifically to Hispanics or translations of best-selling how-to titles in the U.S. market, these books should add immeasurably to the self-help shelf in any library serving a Spanish-speaking population. Note that Dearborn, Meredith, and Llewellyn in particular have a commitment to publishing good, practical books in Spanish editions. Copyright 1999 Reed Business Information, Inc.
