**Yoshiko Hase : Quick and Easy Enchanting Gifts Wrapping 149 Items** before purchasing it in order to gage whether or not it would be worth my time, and all praised Quick and Easy Enchanting Gifts Wrapping 149 Items:

3 of 3 people found the following review helpful. Excellent resource for unusual wrapping ideasBy WintermaskI love gift-wrapping - weird, but true. So I am happy to have found this resource. This book is paperback and only 82 pages, but it packs in 149 original and interesting gift-wrapping ideas. The author is Japanese, and the book appears to have been published in Japan, so many of the resources listed in the back for supplies are not terribly helpful. I also noted that there were a very few translating mistakes in the written part. They do not detract from the usefulness of the book. The instructions are clearly written and illustrated well, making them easy to follow. The author has suggestions for wrapping round, triangular, and oddly-shaped items, as well as suggestions for using parts of the gift to form the presentation. For instance, she gives suggestions on wrapping or tying up a package with a scarf or using a ladle as a basket for another item. She also discusses many unusual ways to wrap a more typical square or rectangular box, as well as making a gift box or gift bag. If you are interested in novel presentations for your gifts, would like to know

how to wrap just about anything, or just enjoy creating a beautiful package, this is a highly recommended book. 9 of 9 people found the following review helpful. very detailed By sparky\_magic\_rainbow Filled with step-by-step photos. Most useful were wrapping melon/polygon and triangle/making 7+ different kinds of bows/wrapping wine bottle. The last tip is especially useful since I never liked the look of those wine bottle gift bags. Will not be afraid of buying nice but oddly shaped gifts again. Overall it's a compact technical primer but don't expect anything innovative or overly artsy. 0 of 0 people found the following review helpful. enchanting gifts wrapping By dolly I have just received this book and am so pleased with it. Beautiful pictures and easy instructions. I am so impressed that I have ordered 5 more for my daughters and friends for Christmas. It's definitely a 10.

Featuring step-by-step instructions through photos of how to wrap gifts of various shapes and sizes including bottles, potted plants, fruit, and even umbrellas.

From the Publisher Wrapping gifts is not just a holiday affair. Bringing a bottle of wine tied up with cloth or a potted plant carefully wrapped and tied with a bow can make an ordinary hostess gift extraordinary. Yoshiko Hase is a leading expert on gift-wrapping and ribbon art in Japan, and in her new book, *The Book of Gift-Wrapping*, she presents her most creative solutions for packages of all sizes. *The Book of Gift Wrapping* features step-by-step instructions through photos of how to wrap various shapes and sizes of gifts including bottles, pot plants, fruit, and even umbrellas. It illustrates everything, from paper selection to the best finishing touches. "First, wrap the box precisely, adjusting the size and the shape. Finish with a ribbon with tender touch, and you can imagine the delight of the recipient." About the Author Yoshiko Hase's motto is "Gift wrapping should be arranged with sincerity for a special person." Her works are created while thinking of the happiness of the receiver and are praised by many readers as being easy to follow and lovely to look at. She also holds many classes and demonstrations as a well-known wrapping artist. Her daughter Megumi Hase is also an instructor at the Wrapping Art Academy.
