Deb Bergs : Rain Forest Beaded Bags: Exquisite Designs from Nature's Wildlife (Design Originals) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rain Forest Beaded Bags: Exquisite Designs from Nature's Wildlife (Design Originals):

3 of 3 people found the following review helpful. Beautiful beaded bags...By ASIMERAL If you have time on your hands, these bags are LOVELY. Ms Bergs gives clear charts, but not a whole lot of verbal instruction. A thorough knowledge of how to work this type of stitch would be necessary; I wouldn't recommend it for beginners. Oh, and the charts do not include the straps or fringe, but you are encouraged to create those yourself to make your own imprint of creativity on this bag. Designs include a frog, tiger, egret, orchids, and several other subjects. I think it's well worth the money. :-)

2 of 3 people found the following review helpful. Wonderful patterns! By suzgrll I love this designer's

patterns. I find her instructions fairly easy to follow, but then I'm an experienced beader. I don't know how easy others would find them. I wish she also included some patterns for making the straps. 2 of 3 people found the following review helpful. beautiful!!!! By Norman Beaumier I love everything this book has to offer, have family members already wanting one. this book will defiantly bring many years of enjoyment.

Deb Bergs continues her spectacular beading collection with these sumptuous Rain Forest Beaded bags.

About the Author Deb Bergs is well-known for her realistic nature themes. In this collection she fascinates us again with her wonderful use of color.
