**From Laurence King Publishing : Rubber Stamping: Get creative with stamps, rollers and other printmaking techniques** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rubber Stamping: Get creative with stamps, rollers and other printmaking techniques:

0 of 0 people found the following review helpful. A Brilliant Treasure for Rubber Stamp, Collage, and Mixed Media ArtistsBy BrianaCreatesThis book is a treasure. Inside you'll find wonderful information and tons of inspiration for what rubber stamping can look like. If you are a creative person who enjoys stamping, carving your own stamps or reusing materials to print with, you NEED this book.0 of 0 people found the following review helpful. YES!By CustomerWhat an inspiring book!

This beautiful book provides a complete guide to printing with rubber stamps. Beginning with a foreword by the artist Rob Ryan and a short history of rubber stamping, it then explains the technical basics: how to cut your stamp, mask prints, make your own printing pads, clean your stamps (making more artwork as you do so!) and what equipment to use. At the heart of the book are forty inventive projects that will inspire readers to create their own rubber stamp art. These include making typefaces and repeat patterns, mail art, creating stickers and labels, printing on t-shirts, making portraits, and translucent and 3D prints. Also covered are other printing approaches such as roller printing, and printing with clay and plaster. This highly accessible book will appeal to creatives and crafters of all ages.

About the Author Stephen Fowler is an artist, specializing in primitive, DIY printmaking. His work is exhibited in galleries and Museums collections internationally.
