**Scott Cohen : Scott Cohen's Outdoor Kitchen Design Workbook: Inspiring Ideas and Tips from HGTV's Sizzling Outdoor Kitchen Designer** before purchasing it in order to gage whether or not it would be worth my time, and all praised Scott Cohen's Outdoor Kitchen Design Workbook: Inspiring Ideas and Tips from HGTV's Sizzling Outdoor Kitchen Designer:

4 of 4 people found the following review helpful. Design methodBy manowebRecently we started thinking about the renovation of our backyard, in particular with an outdoors kitchen. As usual when I start a job of even a lesser magnitude than this, I buy 10-12 books on the subject to gather a wide array of ideas and try to become as knowledgeable as possible before I even talk to contractors or designers.And, this is the book that stands out from the rest. While most other books are merely collection of photos of beautiful projects, this one also gives a number of

design principles, a methodology, questions you have to answer to to better understand your own needs, that in my opinion is the most difficult part of any project. Very recommended! 2 of 2 people found the following review helpful. Good info  
By John W. Payne Great book for the rookie builder or the do it your selfer outdoor kitchen builder. Good construction ideas and how to's. 1 of 1 people found the following review helpful. Good Book!  
By Tonya S. Good book for ideas! It's not as detailed as I was hoping for, but still a good value!
