creatures in minutes. She actually started a little business by crocheting these animals to order for her friends at school. By adding a little clip they make fun additions to backpacks and purses. A fantastic book for crocheters of any skill level. Just be ready to buy lots of yarn, my daughter is now addicted!3 of 3 people found the following review helpful. So cute and easy to make!By Nicole HansenI thought all of the animals looked so cute and wanted to make them to go with a baby blanket I already crocheted with similar animals on it. I've made six of the animals already just with the yarn I already had at home (red heart brand mostly). They work up easily and don't take a lot of yarn or time. I'm an experienced crocheter but these are easy enough that a beginner can accomplish, possibly with some help. They are all mostly made working in rounds using either single crochet or a decrease single crochet. The hardest part is attaching the pieces but a trick I use is to leave a long tail of yarn when you end a piece that needs to attach and used that to sew it on.0 of 0 people found the following review helpful. Love mine so buying for momBy Diane B.Buying this book for my mom because I have made most of the critters in it and they came out cute. If you have a rudimentary understanding of crochet (single crochet, double crochet, increasing, decreasing), you can do these with no further instruction than what the book provides.

Vanna White, the popular TV game show co-host and America's favorite crocheter, presents 10 little amigurumi animals that will capture your heart. From the alligator to the walrus, each of the 10 creatures can rest in the palm of your hand. Just think how much fun you'll have crocheting the whole zoo, especially when you use Vanna's Choice and Vanna's Choice Baby yarns from the Lion Brand Yarn Company. Enjoy the adventure of crocheting these winsome, wild creatures. They are wonderful to keep or to share! 10 designs to crochet using medium weight yarn: elephant, hippo, monkey, giraffe, alligator, lion, seal, walrus, penguin, and snowy owl. Sizes range from 4" to 8" tall.
