Gardening booksBy Michael O'NeilMy wife and I are moving to the Seattle area from the southeast. She is an amateur gardner so I got this and another book as a gift for her to read. Kind of like a headstart on

our new region. It gets 5 stars because she said she likes them.0 of 0 people found the following review helpful.  
UsefulBy Warren PUseful guide.

Gardening is now the favorite leisure pastime in America. Homeowners are realizing the health benefits derived from gardening and the increase in their home's property value. This book contains easy-to-use advice on the top landscape plant choices. It also recommends specific varieties, and provides advice on how to plant, how to grow and how to care for the best plants.
